

FEE GUIDE for PRIVATE PATIENTS

Beauchamp House Dental Practice

This price guide has been put together to give you an idea of our fees. It is, however, only intended as a guide – it is difficult to be more accurate because the time a procedure takes and the materials we use will vary from one patient to another.

Before starting on any treatment, we will explain and discuss the range of options open to you, and help you decide which is best suited to you, your budget and your lifestyle.

Based on your decision, we will then provide you with a full quotation in advance, ensuring there are no surprises when you receive your final bill.

If you have any questions about our fees, please feel free to ask – we'll be happy to help.

Payment Terms

Please be prepared to pay your fees as your treatment proceeds or when asked to do so by the receptionist. Full payment of fees is due by the day of completion of treatment. Charges will be made in the event of non-attendance or cancellation of appointments without 24 hours notice.

Denplan

'Denplan Care' allows you to receive your private quality dental care for a regular monthly payment.

The scheme covers the cost of providing routine dental treatment, including check-ups, hygienist appointments and routine dental work such as fillings. More complex work such as crowns, bridges and dentures are also covered (laboratory charges apply). The scheme includes emergency cover and insurance for dental injuries.

Based on a 'Denplan Care' assessment (Bands A, B, C, D, E) a patient with a healthy mouth will pay a lower monthly fee than one which will require more care and attention from us. Dental fee bands are:

A = £17.59, B = £24.26, C = £34.25, D = £44.22, E = £54.22

If you would like to consider joining Denplan please ask your dentist to carry out a no-obligation quotation.

How to Pay

Payment may be made by cash, cheque (with guarantee card), debit or credit card.
